

### INTIMIDATOR, INC 's Manufacturing Facility under construction in Batesville.

The new Intimidator, Inc. facility under construction in Batesville will more than double existing manufacturing space. Plans for the new facility include receiving and warehousing for purchased materials, assembly operations and finished goods warehousing and shipping. The Intimidator Group currently employs over 300 and manufactures Intimidator UTV's, Spartan zero-turn mowers, and the all new Envy neighborhood vehicle. Other companies in the Group include Bad Dawg Accessories, Gourmet Guru Grill, and Ground Hog Maxx.

The site work began April 1, 2018 and is scheduled for completion in early 2019. The concrete was provided by Hatfield Ready Mix of Batesville . Command Concrete Pumping, LLC and N & M Concrete Contractors of Jonesboro installed the concrete placement in 17,000 sq. ft. sections over five weeks. The slab is 206,500 sq. ft. and required almost 4,000 cubic yards of ready mixed concrete.

Phases 2 and 3 will quickly follow are set to include corporate headquarters, a state-of-the-art training facility and a powder coating operation facility.

A special thanks to Michael Hatfield, Hatfield Ready Mix and Jim Whitson, P.E. CEM, Engineering Director, Intimidator for giving me a tour of the project.
