## Membership Information and Application

**The Arkansas Ready Mixed Concrete Association (ARMCA)** is a statewide trade association representing the ready mixed concrete industry in Arkansas. Its members include ready mixed concrete producers, block producers, pre-cast producers as well as suppliers of materials, equipment and services. Associate members are a combination of companies associated with the concrete industry such as cement manufacturers, admixture manufacturers, aggregate suppliers, equipment sales, plants, trucks, insurance firms, testing services, concrete contractors, ICF contractors, general contractors, municipalities and many others.

**ARMCA** is governed by a Board of Directors drawn from member firms and its staff consisting of an Executive Director and Office Manager.

Members exchange ideas that will aid in the production of a quality product and better business practices. ARMCA members work hard to educate and promote increased use of concrete in Arkansas. They strive to expand the knowledge and understanding of the multiple uses of concrete and the latest technology from the industry to architects, engineers, general contractors, owners and craftsmen.

[www.concretearkansas.org](http://www.concretearkansas.org) - The website features ready mix producer member contact information, associate members list, event calendar, industry articles, online registration for seminars and certification programs.

**E-Newsletter** – informs members of current ARMCA activities and upcoming seminars, certification programs, meetings and national industry news.

**Membership Directory** - Published annually & posted on ARMCA Website.

**Certification Programs** – ACI Field Testing Technician Certification - Little Rock, Fayetteville & Jonesboro.  
ACI Flatwork Finisher/Technician Certification – Multiple locations around the state.  
ACI Transportation Construction Inspector, Concrete Special Inspector  
NRMCA Concrete Delivery Professional – Mixer Driver Certification  
NRMCA Pervious Contractor Certification

**Seminars & Presentations** – The association presents multiple technical seminars and presentations on a wide variety of concrete topics around the state to architects, engineers, contractors, public officials, homebuilder associations and industry personnel.

**Member Meetings** – The Annual Convention, Mixer Driver Competition & Trade Show is a three-day event for all members. Held in a vacation type atmosphere combined with meaningful business meetings and seminars. Members are given an opportunity to develop important relationships with others in the industry. Exhibit tables allow association members to display their products and services with plenty of time to visit with producer members.

**Summer Meeting** - Joint meeting CAAL (Concrete & Aggregates Association of Louisiana) & ARMCA held at the San Destin Hilton in Florida.

**Mid-Year Meeting** in the fall is focused on industry owners and managers with an emphasis of presentations on the latest technology or current business recommendations. This meeting is held in Tunica, MS at Gold Strike Resort.

**Committees** – Environmental, Quality Concrete, Parking /Paving, Certification and Driver Competition.

**Legislative Monitoring** – ARMCA monitors state and federal activity and informs members of legislation and regulations that affect their business operations. ARMCA speaks out for its members when their interests are involved.

**Scholarship** - \$1,000 Scholarship awarded each year to one member company employee's child, stepchild, grandchild.

**Business Forms** – Discount pricing when ordered through association.
